

HYMN TO EARTH MOTHER

Co-join with me, to find the part of yourself that is lost.
For I am your Mother.
I cry with you; I cry for you;
I am you.

Feel my Breath on your skin.
Feel my Air; in your nostrils,
Going deep into your cells.

Feel my Fire; warming your skin,
Heating your body.
Enlivening your soul's purpose.

Feel my Water; for you are water crystalline cells,
Allow the sacred geometric minerals be Activated.

Feel my Earth; this is you.
I am Earth.
What is Earth? It is you.
You are an Earthling.
For your Heart is calling you home to the Earth.

Feel me weaving your sacred geometric matrix in all your cells.

Remembering the Mother.
The First Mother, Invites you to partake in the Joy of your humanness.

We are the ONE. You and I.
